Dear Sir or Madam,

I am delighted to bring the upcoming celebrations marking the national day of the Federal Republic of Germany to your attention.

As German Ambassador to Finland, I will host the traditional reception to commemorate the “Day of German Unity” in the late afternoon of 30th September 2026 at the German residence on Kuusisaari/Helsinki. This event will bring together a distinguished circle of decision-makers from the world of politics, government, businesses and culture. After the official part of the program including national anthems and speeches, guests are invited to mingle and network, enjoy refreshments and traditional German food and beverages.

The celebration of the Day of German Unity will be another high point of a powerful year in German-Finnish relations after the visits of Federal President Steinmeier in May and German Foreign Minister Johann Wadephul in July. The visits reflect Finland’s and Germany’s joint work for security, freedom and prosperity. Our bilateral relations are strong and we will even develop them further with cooperations in the fields of security and energy.

With this letter, I would like to invite you to contribute to the success of the national day celebrations. Should you be interested in co-sponsoring the event, for instance by providing an amount of up to € 2,000. -, Mr. Noah Bauer, pr-10@hels.diplo.de, at the German Embassy would be delighted to provide your team with more information. Kindly note that we can only consider sponsors who have contacted us no later than 28th August 2026.

Yours sincerely,
